**Re: Withdrawal of Air Quality State Implementation Plans**

Dear Mr. Conroy:

I hereby withdraw the following air quality State Implementation Plan (SIP) revisions, previously submitted by the Rhode Island Department of Environmental Management (DEM) to EPA.

**January 18, 2001** – Regulations No. 11 “Petroleum Liquids Marketing and Storage” and No. 25 “Cutback Asphalt” [superseded by December 13, 2013 Regulation No. 11 submittal and October 27, 2009 Regulation No. 25 submittal]

**October 31, 2003** – Motor Vehicle Inspection Program [superseded by January 28, 2009 I/M SIP submittal]

**September 22, 2008** – Regulation No 11 “Petroleum Liquids Marketing and Storage” [superseded by December 13, 2013 Regulation No. 11 submittal]

As indicated, these SIP revisions have all been superseded by other SIP revisions submitted by DEM at a later date. Therefore, rather than devote resources to action on the above SIP revisions, DEM is withdrawing them so that EPA and DEM can focus attention on the updated versions of these SIP revisions.

In addition, I hereby withdraw the following SIP submittals for facilities that have closed or apply to emission units that are no longer in operation:

**July 26, 2001** – New England Treatment Company (NETCO)

**January 10, 2002** – Clariant Corporation

**January 19, 2005** – CCL Custom Manufacturing

30% post-consumer fiber
